

AUI Program Business

Niche business written through
dedicated Program Administrators

Approach

- Partner with Program Administrators with in-depth underwriting knowledge in a chosen industry segment
- Business partners operate with delegated underwriting authority
- Target alternative and traditional programs, in excess of \$5 million in gross written premium
- Focus on the specialty, non-commodity segment of the business

Products

- Multi-line and monoline capabilities for the following lines of business:
 - Workers' Compensation
 - Commercial Auto
 - General Liability
 - Property
 - Professional Liability
- Tailored coverage utilizing both admitted and non-admitted paper
- Guaranteed cost and captive program structures available

Turn-key Solutions

While we can support unbundled services, we have a team of in-house professionals in the following areas to offer a turn-key solution to our partners:

Claims

- 24/7 live assistance and dedicated Claims Account Managers for our partners

Loss Control

- Dedicated Program Loss Control Manager to assist with customizing service plans based on program needs

Technology

- In-house programmers along with proprietary rate/quote/issuance systems available to provide customized software solutions to our partners
