

# Nonprofit Management Liability Coverage

AmTrust's Nonprofit Advantage Management Liability Policy offers customized solutions to address a nonprofit organization's unique exposures. This product complements our nonprofit package and workers' comp to provide you with a one-stop solution.

Your nonprofit customers are subject to many legal obligations. The basis for most nonprofit management liability claims is from a nonprofit organization's own employees, volunteers or third parties who interact with the organization.

A nonprofit's directors and officers may also be personally liable for a wide range of wrongful acts or omissions. The cost of litigation can be financially crippling for a nonprofit organization and its management team. Protect them with AmTrust's Nonprofit Advantage product.

## AmTrust Nonprofit Advantages

- **Competitive policy form** that includes Directors and Officers Liability, Employment Practices Liability, Fiduciary Liability and Cyber Liability coverages.
- **Ease of use** in getting a quote. Our short-form application requires six questions to be answered in order to get a D&O / EPLI quote.
- **Employment-related risk management services** and free hotline for all EPL policyholders at no additional cost ([www.AmTrustHRRiskManager.com](http://www.AmTrustHRRiskManager.com)).
- **Cyber-related pre and post breach services** to address the emerging cyber exposure that every nonprofit needs to address.
- **One-stop solution** for Property and Casualty, Workers' Compensation and Management Liability.
