Why AmTrust Cyber?

PROTECT. PREVENT. RESPOND. RECOVER.

Cyber Coverage Built for Today's Threats

Protection for ransomware, business interruption, cyber deception, data recovery, privacy liability, regulatory defense, media liability, incident response, and more.

Expert Support When It Matters Most

Dedicated cyber underwriting, claims, and incident response support to help businesses navigate cyber events with confidence.

Easy to Quote. Easy to Place.

Fast quotes, flexible submissions, broad appetite, and auto-renewal eligibility for qualifying accounts.

Beyond Insurance

Every policy includes access to cybersecurity resources that help businesses identify vulnerabilities, strengthen security, and improve resilience through MDR benefits, security assessments, employee training, and incident response support.
