

AmTrust Risk Control

Expert Risk Management Powered by Our People,
Technology, & Leading Safety Solutions

Our People Will Help You Predict, Prevent, Protect

At AmTrust Risk Control, our team of industry specialists combines deep expertise with cutting-edge technology to help you **predict, prevent, and protect** against potential losses. We offer a comprehensive suite of services designed to mitigate risk and reduce your total cost of risk.

Comprehensive On-Site & Virtual Assessments

Our consultants deliver tailored safety evaluations—on-site or remote—using mobile technology. We conduct facility walkthroughs and process reviews to identify hazards, recommend practical solutions, and implement lasting improvements.

Smart Risk Scoring for Better Protection

Our loss analysis tools uncover trends through dynamic visualizations and detailed data. By identifying underlying risk factors, you can deploy targeted strategies that reduce exposure and drive down claims costs.

ErgoProtect: Real-Time Ergonomic Assessments Powered by AI

Using AI developed by TuMeke, our consultants assess job tasks remotely and in real time. ErgoProtect breaks down movements by body part to identify risk factors and recommend corrective actions—quickly and effectively.

Workplace Safety & Training Videos

AmTrust insureds receive complimentary access to 800+ streaming safety videos in English and Spanish. Topics range from fire prevention to slip-and-fall awareness, supporting compliance and building a safety-first culture.

Strategic Partnerships

Our policyholders benefit from discounted, value-added risk control products and services through trusted vendor relationships—enhancing your risk management program.

Industry Resources

Explore sample safety programs, tip sheets, best practices, and more—tailored to your industry.
