

AmTrust Programs Wins Program Insurer of the Year at The Insurer's Program Manager Awards

AmTrust Programs is proud to be recognized as 'Program Insurer of the Year' at The Insurer's Program Manager Awards, an honor that reflects the strength of our Programs business and the collective effort behind it.

"We're honored to be recognized by The Insurer and our peers as Program Insurer of the Year," said Dan Hickey, Division President, Specialty Insurance. "This award reflects the commitment of our team and the strength of the partnerships we've built. We're especially proud to share this recognition with our MGA partners, whose collaboration and expertise are central to everything we do."

The recognition comes at a meaningful time, as AmTrust Programs celebrates its 20th anniversary as an underwriting organization focused solely on the delegated underwriting authority market. Over the past two decades, we've built a business grounded in discipline, partnership, and a shared commitment to delivering long-term value. This milestone underscores both how far we've come and inspires us to do even better for our MGA partners in the future.

We're grateful to The Insurer for hosting a terrific event and to our partners and colleagues for their continued trust and support. Congratulations to all of this year's winners.
