Workers' Compensation

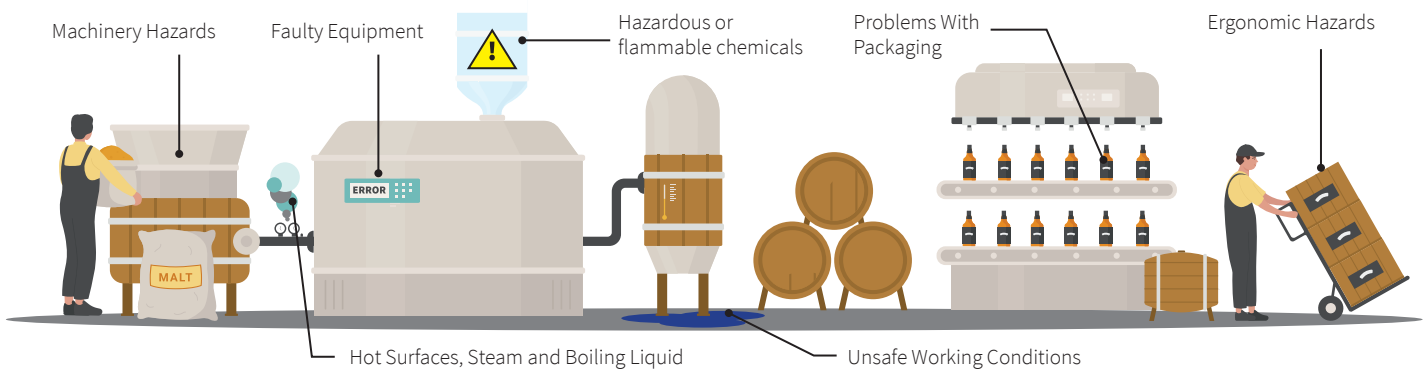

Workers' Compensation Insurance protects distilleries by providing benefits to employees should they be injured on the job, such as from contact with the moving parts of heavy machinery like grain hoppers or mills, as well as from slips and falls, ergonomic injuries and more.

Cyber Liability

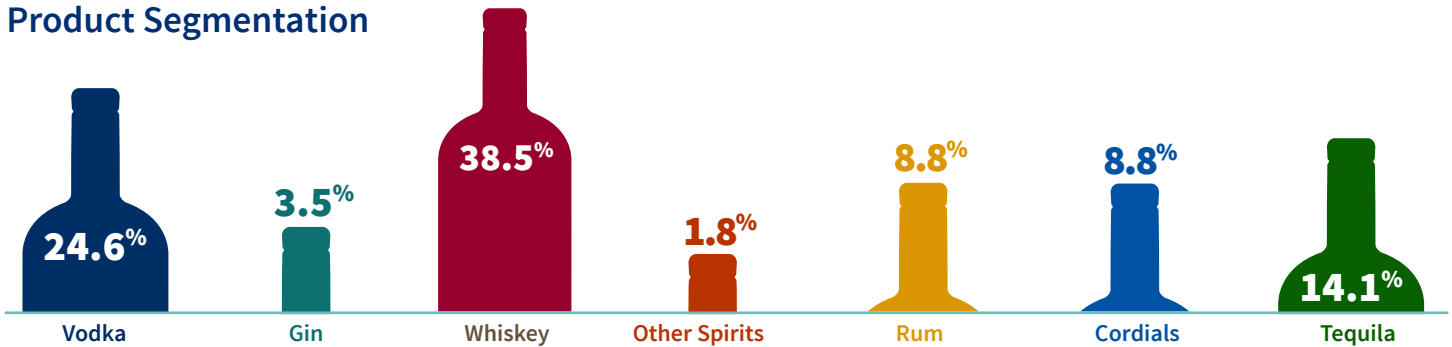

Businesses of all sizes, in all industries, are at risk for a cyber attack, including distilleries. These cybersecurity breaches can result in thousands of dollars in damages, with long-lasting and devastating impacts. A Cyber Liability insurance policy can help cover the costs associated with a cyber attack.
