

AmTrust Absence Management Services

BENEFITS THAT WORK WHEN EMPLOYEES CAN'T

How Employees Benefit:

Save time and headaches. Use one toll-free number to easily file a claim in minutes by phone. Our absence specialists will walk employees through the claim process and help them get the information they need.

Our solution ensures your employees will get caring, expert support during times of leave. Employees can confidentially discuss treatment and benefit options with dedicated absence professionals during extended call hours Monday through Friday. With an average of 15 years of experience our Integrated Disability Specialists are just a phone call away.

Employees have enough to worry about when they're not feeling well. . .worrying about money doesn't make anyone feel better. With AmTrust Absence Management Services, employees can claim benefits in minutes over the phone and see their first benefit check within a week. If your employees don't have complete information or are unsure of what they need, we'll help them find it.

We understand employees may not feel 100% when they first get back to work, coming back from an extended leave can take time. We can provide direction on additional Health, Wellness, Employee Assistance (EAP) and Disease Management programs already offered to employees by your business to help them reintegrate smoothly.

Being out of work due to illness or injury is no vacation for employees. Our solution makes it easy for employees to claim benefits and focus on why they took leave in the first place.
