PAYO[®] Self Reporting (PSR)

This is an **efficient online self-reporting payment solution**. There is no EFT form or deposit to collect by the agent or underwriter. The insured logs into AmTrust *Online* (www.amtrustinsurance.com) to register their policy, complete their online EFT form, select their desired payment frequency, and make their required \$200 deposit. This is a premium-bearing deposit and will be applied to the first year's final audit. No deposit is required at renewal.

PSR works well for insureds using Intuit /QuickBooks, other payroll software packages, a payroll company not affiliated with AmTrust or a national payroll company.

Upon binding, the insured will receive a welcome email with registration instructions to the AmTrust *Online* Insured Portal. This is where they will create their personal username and password.

The insured's payroll company **will not** report payroll directly to AmTrust. The insured **must** self-report payroll via AmTrust *Online* and initiate **their own** premium payments drafted from their bank account.

The PSR system only allows for one bank account per policy.

PSR has a minimum premium payment built into the system. This is NOT a fee. Minimum payments will be posted as premium to the policy, per pay frequency. These payments will be included in the premium paid to date on the final audit.

Minimum premium amounts by payment frequency:

Weekly \$25

Bi-weekly & Semi-Monthly \$50

Monthly \$100

If the insured's reported payroll generates premium less than the system minimum premium requirement, the mandatory minimum premium by frequency will automatically apply.
